

If printing a label or cover sheet and you get an error Pop-Up Blocked

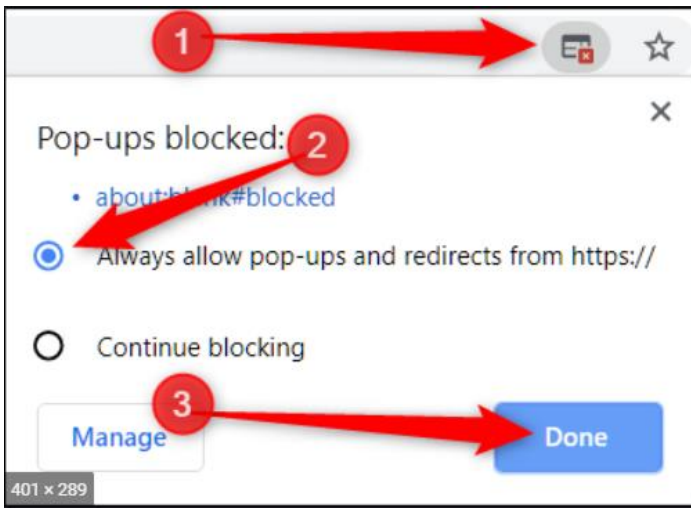

- 1) The label will print to a browser Window. Select your printer and then **Print**.
- 2) Close the browser window to return to the Desktop Screen. If you get a **Pop-Up warning message**, follow direction below. Then open the View App and reprint the Label or Cover Sheet.

Chrome:

If you have permissions to perform these simple steps when the Pop-Up Blocker Icon appears do the following:

Internet Explorer (IE):
