

FOLLOW LOCAL GOVERNMENT GUIDANCE

Follow your local government's activity guidance. Understand that just because other facilities may be open, it does not mean it is safe for you to have a training session.

EDUCATE YOUR ATHLETES AND VOLUNTEERS

Educate your athletes, unified partners, coaches and volunteers on the signs and symptoms of COVID-19. Set up a communication mechanism should one of your group become ill.

MAINTAIN PHYSICAL DISTANCING

Ensure physical distancing is possible at your practice facility. Mark sections of the field so athletes and volunteers understand and pay attention to distances between each other and between other groups that may be using the practice field.

MAKE HAND WASHING FACILITIES AVAILABLE

Ensure the training facility has adequate hand washing facilities. If not, make sure hand sanitizer is available.

PARTICIPANTS SHOULD WEAR PERSONAL PROTECTIVE EQUIPMENT (PPE)

Athletes, coaches, volunteers and Unified partners should wear PPE if the level of risk warrants it based on risk criteria.

SET ASIDE SPACE TO SCREEN PARTICIPANTS (if operating in the Moderate or Significant Risk levels)

You must set aside space away from the practice area to collect answers to the symptom survey and take the temperature of all participants. Consider having volunteers dedicated specifically to screening athletes.

KEEP IT CLEAN

Frequently clean commonly touched objects with an antibacterial cleaner. Ensure the facility you are using has a consistent cleaning schedule, including for restrooms and hand washing areas.

ENTRANCE AND EXITS FROM FACILITY

Participants should be able to get in and out of the facility and still maintain physical distancing. This should include the parking lot. Families may need some guidance on where to park to maintain adequate distance.

TRAINING FACILITY SPACE

Remember you need enough space within your group to safely maintain the 6 foot physical distancing recommendation between people and you should maintain a reasonable distance between your training group and any other groups who may be using the facility.

EMERGENCY ACTION PLANNING

Each coach should have an Emergency Action Plan that covers what tasks need to be done and by whom in case of a medical emergency, inclement weather, or if a training participant arrives with or contracts COVID -19 during the training season.

PARTICIPANTS BRING THEIR OWN EQUIPMENT

All participants should bring to training sessions their own water bottles, towels and any other personal items. Have sanitizing supplies, if there is a situation where shared equipment might be used and sanitize as much as feasible to do so.

BE AWARE

If you need to sneeze or cough, use the inside of your elbow or a tissue instead of your hands. Try not to touch your face. If you do, wash your hands or use hand sanitizer before and after!

PRACTICE PHYSICAL DISTANCING

We love hugs and high fives as much as you do, but at this time, it is important to stay 6 feet apart. Special Olympics events will look a little different for a while to help everyone stay safe.

WASH YOUR HANDS

Wash your hands for 20 seconds with soap and water. You can also use hand sanitizer with an alcohol content of 60% or more.

KEEP IT CLEAN

Frequently clean and sanitize commonly touched objects with sanitizing spray or wipes.

FACE MASKS

Wear face masks when required to do so. Respect others need to wear a mask.

STAY HOME

If you feel sick, or are showing symptoms, stay home and call your healthcare provider for evaluation.

SYMPTOMS

COUGH

SHORTNESS OF BREATH

OR AT LEAST TWO OF THE BELOW SYMPTOMS

FEVER
100.4°F/37.8°C
or higher
