

# Play on!

Special Olympics Virginia is here for you, for life.

We are committed to keeping you involved through every phase of life by offering ongoing programs across Virginia.

For athletes, community-based programs offer opportunities post-graduation – or even during school if you want to do both. Participation in Special Olympics also can be included in your Individualized Education Program (IEP).

For partners, stay a champion of the movement through college programs, community-based Unified Sports opportunities, volunteering, coaching, event planning and more.

**Take the next step** at [www.specialolympicsva.org/play-on](http://www.specialolympicsva.org/play-on) and we can work together to plan your next move.

## What is Special Olympics Virginia?

Special Olympics Virginia organizes and runs year-round athletic training and competition for people with intellectual disabilities of all ages and at no cost to participants. Plus, Unified Sports invite people without disabilities to join alongside our athletes on the same teams. Beyond sports, Special Olympics Virginia also offers health, leadership and ongoing fitness opportunities and programs.
